Subject: Reference letter for Voltamper GP

Ref.: Metka EGN USA LLC reference letter for Voltamper GP

To whom it may concern

Further to the here above mentioned subject, I hereby would like to recommend to you, the excellent services of Voltamper GP and specifically the owners Messrs Karakasidis and Tosnaridis.

Voltamper GP has been working with Metka EGN and other affiliated companies for the last seven (7) years and has been providing Electrical Construction services in the field of renewable energies and specifically in photovoltaic projects for both construction as well as operation and maintenance services.

Voltamper and Messrs Karakasidis and Tosnaridis have helped and supported our company throughout the years. Some reference photovoltaic projects are the following:

| Project name | Size (MW _p) | Location | Services | Time of services |
|---------------------|-------------------------|----------------------|---|---------------------------|
| Oriana Sola Project | 57.65 | Isabela, Puerto Rico | Subcontractor for Electrical installation in PV project | April 2016 – October 2016 |

I am confident about the services of Voltamper GP and I can surely recommend the services. Feel free to contact me for any queries.

Sincerely yours,
For Metka EGN USA LLC
