Date: April 15th, 2015

Subject: Reference letter for Voltamper

Ref.: EGN Projects reference letter for Voltamper

To whom it may concern

Further to the hereabove mentioned subject, I hereby would like to recommend to you, the excellent services of Voltamper GP and specifically the owners Messrs Karakasidis and Tosnaridis.

Voltamper GP has been working with EGN Projects and other affiliated companies for the last seven (7) years and has been providing Electrical Construction services in the field of renewable energies and specifically in photovoltaic projects for both construction as well as operation and maintenance services.

Voltamper and Messrs Karakasidis and Tosnaridis have really helped our company throughout the years. Some reference photovoltaic projects are the following:

Project name	Size (MW _p)	Location	Services	Time of services
West Hill	8,69	West Down North Devon UK	Subcontractor for Electrical installation in PV project	April 2014 – June 2014
West Hill Extension	2,38			February 2015 – March 2015
Roskrow Barton	8,87	Penryn Cornwall UK		December 2014 – February 2015

I am confident about the services of Voltamper and I can surely recommend the services. Feel free to contact me for any queries.

Sincerely yours,
EGN Projects Limited

Eleftherios Pliakos
Director
